Qiang's approach to still-life painting will be demonstrated with focus on composing dramatic setups by observing the light distribution, and using bold and loose strokes to create a powerful and accurate representation on canvas. Using demonstrations, presentation, and individual assistance, Qiang will explain his process of creating energetic paintings by manipulating values, colors, edges, and brushwork. Personal attention will be given to each student according to his/her current skill level and personal goals. The workshop is designed for indoor practice with live settings. We will break for lunch daily for an hour from 12:30 to 1:30.

Qiang Huang (pronounced as Chong Wong) came from China. He has studied art from multiple master artists like David Leffel and Sherrie McGraw. His paintings show remarkable accuracy and expressive brush strokes. Since 2004 his paintings have been selected continuously for the 14th, 15th, 16th and 18th Oil Painters of America's National Juried Exhibitions. American Artist Magazine has featured his teaching on the summer issue of the "Workshop". To see more of Qiang's work and read his blog, visit Qiang's website at <http://www.qh-art.com/>
